## Custom Built Vehicles & Trailers

## Heavy Duty Drop Deck Trailers

# About Brimarco

Founded in 1976, Brimarco is a proud Australian manufacturer of specialised custom-built vehicles, trailers, and vehicle bodies. With decades of experience, they design, engineer, and build all their products to the highest standards to meet the toughest demands.

Operating from a purpose-built facility in Ballarat, Brimarco leverage the region's strong manufacturing industry and highly skilled workforce to maintain exceptional quality while working efficiently.

Brimarco specialises in two key areas:

- **Heavy-duty wideners and floats.**  
“Tough As” brand offers high-quality, cost-effective commercial trailers built for durability and performance.
- **Custom vehicles and trailers,** including government emergency response units, mobile libraries, and outside broadcast facilities

# Why Choose Brimarco

"I would highly recommend the Brimarco brand to anyone seeking the best quality, Australian built trailer on the market today that is backed by a team of dedicated, fair and passionate professionals."

Matt Tennant,  
Managing Director, TENEX Rail.

# “Tough As” Best Value Heavy Duty Trailers

## Proudly Australian Made

Manufactured locally to the highest standards, supporting Australian jobs and industries.

## 5-Year Warranty

Backed by a 5 year structural warranty for peace of mind and long-term protection.

## Premium Quality

Built to withstand tough conditions with durable materials and expert craftsmanship.

## Affordable & Reliable

Designed for long-term performance, delivering the best lifetime investment.

## Durable Design

Through the ‘Tough As’ brand, Brimarco produce high-quality, cost-effective commercial drop deck wideners and A trailers, built to withstand Australia’s harsh conditions, offering endurance, strength, and versatility for heavy haulage.

## Safety Built In

Commitment to safety means making it the standard - every time. Brimarco trailers are designed with safety at their core, ensuring reliability, and compliance with every load. No shortcuts, no compromises.

## Optimised Performance

Available in multiple configurations, built as a 3.5m or 4m drop deck widener. The ultra-low build ensures a lower deck height of under 1m for enhanced clearance, better weight distribution, and improved safety on the road.
